From its early years, Wirreanda was recognised for its strong interest in Sport and Physical Education.

Wirreanda High School formally changed its name to Wirreanda Secondary School in 2014.

## Public transport access

### 3. Key School Policies

#### **Wirreanda Secondary School Priorities for 2017 are:**

- 1~ Literacy and Numeracy Improvement: Track, monitor and respond to every learner's growth
- 2~ Improving Pedagogy: Engaging students to have an authentic and genuine voice in their learning
- 3~Learner Wellbeing: Building and Embracing Confident, Inclusive and Diverse Learners

Staff, students and parents in partnership have a responsibility to maximise the learning opportunities and personal development of students within Wirreanda Secondary School. The following school policies support the school's key strategic directions of creating a respectful environment and building a culture of achievement.

The school's **Positive Behaviours and Respectful Relationships Policy** outlines a process that advocates that the people most effective at finding a solution to a problem are the people who are most directly affected by the problem. The policy has as its focus student and staff wellbeing. Restorative processes create opportunities for those involved in a conflict to work together to understand, clarify and resolve the situation and work together towards repairing the harm caused. It encourages students to develop a sense of accountability and personal responsibility for their own behaviour.

There are clear organisational structures providing support for staff and students through Year Level Leaders and Deputy Principals/Senior Leaders and Counsellors. Middle and Senior School Teams meet regularly to case manage students, plan early intervention, analyse behaviour and attendance data and discuss specific needs and progression of all students. This is supported by the celebrations of success for students who engage in a positive manner within all aspects of school life. Assemblies are held to acknowledge student's success through the presentation of certificates in areas such as: Growth Mindset, Academic Effort and Performance; Sport; Service to the School; Service to the Community and other notable achievements. Formal celebrations are held at the end of each year, shared with families, to acknowledge the many successes achieved by students.

The **Professional Practice Policy** at Wirreanda Secondary School focuses on the continual improvement of our professional effectiveness as leaders & teachers. The Professional Practice Policy encourages the use of a collaborative process aimed at enabling individuals and teams to enhance their skills and abilities in order to improve student learning outcomes, facilitated through mentor groups and professional learning communities that meet regularly. Professional Practice supports individuals and teams to collaboratively contribute to school priorities through professional reflection, development and feedback.

The **School Attendance Policy** is based on the understanding that regular attendance is essential to ensure engagement and success, an essential foundation for our students' future. Attendance is a shared responsibility between parents/caregivers and school. The policy identifies clear roles and responsibilities for staff, students and parents/caregivers.
