Year 11 and 12 students have the opportunity to attend the Flinders University Open Day on Friday the 18th with the school. Additionally, Year 11 students are exposed to a range of presentations and excursions designed to assist them in making choices about their post-school pathways. Students have already heard from Flinders University about current career trends and future growth industries, a range of new courses and the earning potential of university graduates. In Week 5, students have the opportunity to visit the Tonsley site, where students will have guided tours of both the TAFE SA and Flinders University campuses and meet with current lecturers and students to ask questions about both TAFE and University pathways.
