# Daymap Parent Portal

Parent How To Guide
Logging Into Daymap

Daymap Parent Portal is an extension of the Daymap Learning Management System which provides parents with access to key school and student information both at home and on the go.

You can access the Parent Portal from the Wirreanda Secondary School's website: www.wirreandasecondary.sa.edu.au

1) From the Wirreanda Secondary Schools website, click on "For Families" from the top navigation bar, then click "Daymap" from the drop down.

2) Scroll down to "Accessing Parent Portal Instructions" and click on the "Daymap" hyperlink.

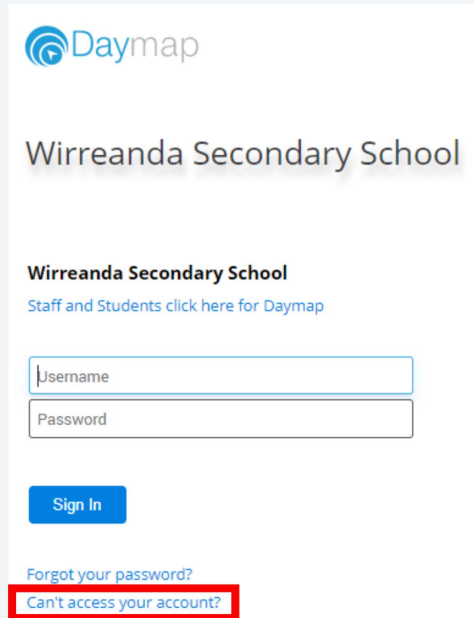

Accessing Parent Portal Instructions

1. Please go to https://wss.daymap.net/DaymapConnect
2. Select 'Can't access your account?'
3. Enter your email address (the one used on your student's enrolment forms). You'll also need your child's student ID number; this can be found on their ID card. If you are unable to find this number, please let us know.
4. Click 'Reset Password'. Daymap will then send you your new Parent Portal Username and password to your email address and a link to set the password (check your spam folder). Your Username will be 4 letters then 2 numbers. (Eg ABCD01) If you have previously registered and forgotten your password, please select 'forgot your password'. You'll still need your child's student ID number. If there are any further issues or the email address you provided is out-of-date, please contact the school for assistance.

3) You will now be on the Daymap login page.
If you are a new user, follow the next steps over the page.
**Otherwise, you would login using your existing details.**

4) New users will need to click on "Can't access your account?"

4) Next, you will need to enter your child's student ID Number - In the "Student Code" field. Students will receive an ID Number on their first day of school.

5) Afterwards, click on "Reset Password".

6) Once you have entered your details and clicked "Reset Password," an email will be sent to your email address containing your username and a link to set your own password. You will then use these details to log into the Daymap Parent Portal.
